Local Youth Will Study In Ghana

Helen Reid, a 1961 Yoe High School graduate, will be a student at the University of Ghana this fall. She is a participant in the

HELEN REID

Junior Year Abroad program, an overseas study plan of the United Presbyterian Church. She is the daughter of Mr. and Mrs. Frank H. Reid of Cameron.

There are twenty-four different schools in thirteen countries cooperating with the program. This year at least fifty students will be studying in these universities.

The University of Ghana was founded in 1948 under the University of London, and in 1961 it began to grant degrees as a separate university.

Twelve hundred students attend the university, approximately two hundred of whom are women. The faculty for the twenty-three departments consists of both European and Ghananian lecturers.

Miss Reid will be accompied by two other American students, Ada Kay Smith of Chio, and Terry Wetherby of Kentucky. All three will pursue a course of African Studies in addition to meeting the requirements of their junior year at their home college. At the conclusion of the year next July, the students will return to their respective homes and colleges, where they will begin their sr. year.

Miss Reid has been attending Tex. Woman's University in Denton. Although she will be in a liberal arts field this year, her major is chemistry. Her extracurricular uren (departmental clubs); Iota Sigma Pi, Kappa Mu Epsilon, activities while on campus have included membership in Kappa Epsilon Mu and Frohlichen Walk-Sigma Tau Delta, and Alpha Chi (honorary ftaternities); and L'Allengro literary-social club. She has also edited a chemistry departmental newsletter, the Pipette, and has served on the Student Council of Religious Activities.

Miss Reid left Cameron Sept. 14. She will be in New York for orientation September 17 - 20 then will fly to London and on to Ghana.

By FML

The old Earth is arumble with her problems, dramatically emphasized by journalists and historians who eternally find conflicts more important than quietudes.

But if you have a quits time sometime, it is rewarding to see how big old Earth is in relation to the rest of our nine - planet galaxy turning round the sun.

The earth is just under 8,000 miles in diameter. Compare that with Jupiter, roughly 89,000 miles through center. Saturn is next in size with a diameter of 71,600 miles.

Size alone does not determine the impact of our problems. But it helps. If they seem overwhelming, just water them down to proportion by taking a look at the sky one clear night.

Those million of blinking lights out there, seen and unseen, shrink our sun, 865,000 miles in diameter, by comparison.

One means of easing eye tension might illustrate the thought. If you have been reading at some length or doing close work, just look at the furthest corner of the room and let your eyes focus at that distant point for a few minutes. Your eye muscles can relax. You're not looking at fine print.

So, if you focus too closely on your immediate problem, glance up at the milky way some clear night and you will be awed: How big it all is!

When you compare your certain problem in this perspective, it won't look quite so large.

104-104-104

One thing about this approach, in evidence in many philosophies, is that it works.

One reason, for instance, that Orientals have not taken to communism in Red China (their communes failed) is that they have been through all the invasions of Mongol hordes and warring dynasties before. As well as wanting to protect the family unit, they want to be left alone, perhaps in ignorance, but often in meditation.

And if this doesn't take your mind off of your worries, at least it might allow it an important moment alone.

JURY INDICTS THREE COUNTY FELONY CASES

A Milam County grand jury met Tuesday morning and returned indictments on three county felony offenders, according to County Attorney, John Henderson, Jr.

Indictments were returned in connection with one murder case, one assault with intent to murder case, and a Driving While Intoxicated.

Thelma Pittman, 41, was indicted in connection with the shooting death of her husband, John Pittman, September 7, in a Negro restaurant.

Alton Schiller was indicted on assualt with intent to murder charges in connection with a shooting that occurred at his farmhouse home in the Vogelsang Community August 27.

Schiller wounded Milam County Sheriff Carl Black and fired at several other officers before being subdued by local authorities and Highway Patrol and Texas Rangers.

Murrell Robert Hyde was indicted on a DWI charge from August 4. Hyde is from Rockdale. Charges were filed on him by county highway patrolman.

Last Member Of Pioneer Salem Family Buried

Miss Imogene House died in an Austin Hospital Thursday, September 12, after a long illness. She had celebrated her 83rd birthday February 6 of this year. Burial was Saturday in the family lot in Salem Cemetery.

Miss House was the last member of the J. D. House family who settled in 1845 in the Salem Community, five miles south of Cameron. She was a member of the Salem Methodist CHurch and recorded a history of all the preachers that served that church since its founding in 1847.

She will be remembered for her cleverly illustrated cards with appropriate verses sent to friends and relatives on special occasions.

Local Businessmen Named Directors Of Legal Foundation

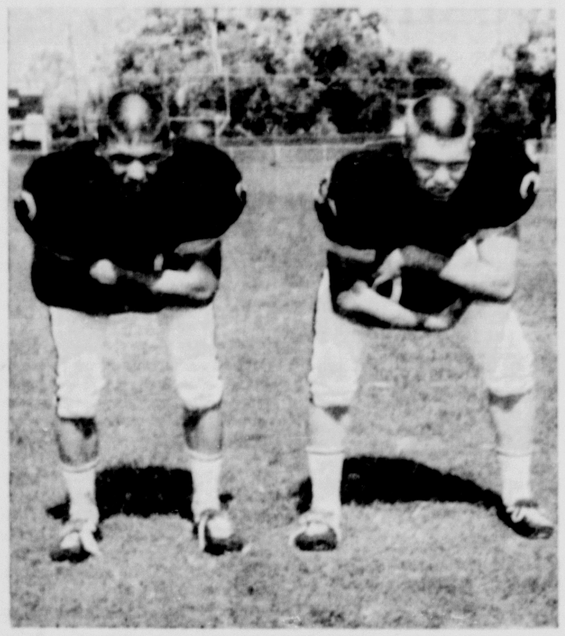
Two Cameron businessmen have been elected as new directors of the Texas Law Enforcement Foundation, according to John E. Lyle president of the statewide group.

Emory Camp, local attorney, and Richard Williams, vice-president of the First National Bank, were elected to the 228-member board by the organization's executive committee at a recent meeting in Houston.

TLEF is a non - profit, nonpolitical body, dedicated to enlisting the aid of citizens in support of good law enforcement.

The foundation sponsors Law Enforcement Appreciation week each year with the Texas Junior Chamber of Commerce. Other projects include distribution of educational material; publication of "Crime' magazine sponsorship of criminology libraries; and administration of a scholarship fund for children of law officers killed in performance of duty.

Attorney General Waggoner Carr serves as a special advisor to the group.



READY FOR THE DUCKS — These two YHS gridironers are "ready and watin" for Taylor's Ducks to step into Yoeman territory tomorrow night. Left is Larry Plentl, 153 pound senior end - halfback. Plentl is a leading Yoeman pass receiver and defensive standout. Mike "Bull" McDaniel, on the right, has shown to be just what his nickname indicates. Only a sophomore, McDaniel is the Yoemen's leading ground gainer at the fullback slot and tips the scales at a hefty 183 pounds.

Council Holds Short Session

The Cameron City Council heard reports from the city's department heads and voted to pay all bills acquired since last council meeting in a short session Tuesday night. Superintendent, Al Hefft, listed the following work completed during the past two weeks.

Installation of water service to two residences, one on South Jefferson and another in the Culpepper Addition; installation of a 50 foot six-inch sewer line in the Culpepper Addition; and repaired two water lines.

Major anticipated work for September was the laying of a six-inch sewer line on West 10th Street.

J. B. Earle, City Street Superintendent, and work crew completed the following during the first two weeks of September.

Ruled base material on Washington Avenue and started processing the base for penetration; Placed a coat of topping rock on 6th and 7th Streets from Emancipation Ave. to Orchid Avenue and also on Emancipation and Orchid from 6th to 8th Streets.

Processed base and corrected drainage on 17th Street and Cleveland Avenue; Cleaned all inlet gates and stopped up drains following the city-wide rain.

Earle requested the Council to approved the digging of a new garbage pit at the City Dump Grounds when equipment is available

The Cameron City Pool's final revenue was $1,651.10 for the past summer. The council approved paying pool operator, Ray Green, a $195.30 bonus on the basis of an earlier agreement.

Bundle Of Fur Meets Ill Fate

Lady was just a pup, not much more than a tiny bundle of fur, and just old enough to go snooping--possibly in some places that were really none of her concern--but that's the way of loveable little pups.

She didn't mean much to many people--no pedigree title or fancy names, just a pet straight from Dogsville, U.S.A.

But to 10-year old Lloyd Thompson she meant just about everything; a summertime companion, a dog to raise like every youngster wants, a loyal little friend.

"Little Lady" was just as cute as cute could be and then one day last week she came home from her neighborhood roam with a funny cough that Lloyd couldn't quiet undertand.

Slowly "Little Lady" lost the battle of survival and Lloyd lost his month-old friend to some unknown enemy.

There was no coroner to rule accidental death or cause unknown, but there was a veternarian to say the little dog had been posioned--accident or not, little Lloyd has lost his friend.

The incident was not the first for the Thompson's or their neighbors. A similiar incident occurred to a neighboring pet who lives next door to Thompson's but medical care reached their pet in time to save it's life.

There's little need to report these incidents for there is no way to apprehend anyone guilty in the death of a small pet. The only sure precaution to prevent these things is the human conscience.

The Cameron Police Department has a well regulated program of impounding stray dogs. Why take the responsibility of a do-it-yourself job of exterminating, Mr. Cameronite?

Local Salvation Army Coffee Gets Good Attendance

Cameron's Salvation Army drive got off to a rousing start Tuesday with an informal coffee at the Texan Cafe.

About 40 persons attended the official kickoff of the drive.

Don Humble, head of the special gifts division, said a one week drive will be held to raise funds toward their estimated goal of $2,000.

These funds will go toward clothing for needy children; transportation to hospitals on specific occassions, food for hungry families; rent payment to avoid eviction--all regardless of race or creed.

Humble stressed that it will take two parties to make the drive successful--"The Salvation Army and You."

The local Salvation Army Committee consists of Humble, J. W. Tolson, vice-chairman; E. E. Curtis treasurer; Elvin Hoskins, F. L. Gregory, Mrs. A. F. Swanzy, Mrs. Herman Dorner, Sr., Mrs. V. N. Thweatt, and Floyd Stark.

WEATHER NOTES

A cooler range of temperatures lifted the heat strain from Cameronites last week along with 2.23 inches of rain in the city.

Temperatures ranged from a high of 99 last Wednesday, September 11, to a low of 71 three days last week.

Of Lasting Interest

Young Cameron Artist

LARRY JUNGMANN

Is the second in a series of Milam County record book winers. He is the son of Mr. and Mrs. Robert Jungmann of Buckholts.

If modesty is truly an aspect of greatness than James Pavelik, 16-year old Yoe High School senior, should travel far up the ladder to success.

Young Pavelik's interests range from art, music, and drama, to editing a newspaper, The Chatter, a Catholic student publication.

As president of the local CYO chapter, Pavelik says, "I need to form a real organization from the CYO and distribute the work equally to compensate for my own inability. I am not a leader, just a worker in a leader's position. But I will work, as hard, if not harder than anyone to get the job done."

Pavelik dedicates most of his free time to art. Presently, he is doing a free hand oil coloring of the Milam County Jail, an ancient relic that stands opposite the County Courthouse.

"I have so many interruptions that it takes a long time, to do a painting like the one of the jail house," he added, "I do portraits in five or six hours if I'm not interrupted."

Pavelik's art interest began as a young child when he did pencil drawings of Walt Disney characters as a hobby. Eventually he changed to oil paintings.

"I had a lot of trouble mixing my colors for the right effect when I started using oils," he said, "finally I realized that I was using too much red and brown so I started using a greater amount of white. Now I even use black on shadows which is offset by the white for better lighting."

A slim, dark-complexioned youth, James or "Jamie" as his friends call him, also has a vivid interest in drama and music, principally great motion picture sound tracts.

"I am taping the sound tract to West Side Story now for a possible radio program. I'll cut the entire tract to one hour with narration included."

"When I play these tracts," he added with a distant gleam in his eye, "I can almost see the scenes and actors in their greatest motion picture moments."

Pavelik belives there is a definite difference between an artist and a painter.

"A painter paints for commercial reasons and for what the people like or will buy. But an artist is motivated by inspiration and paints to interpret from inner motivation, regardless of commercial values placed on his work."

"Abstract art", says Jamie, "is the ability to create characters in geometric pattern and still retain the enviorment needed for effect."

Pavelik said this has been the most profitable year for abstract artists and "Life Magazine is doing a feature on abstract art in the near future.

"If a person cannot look at a picture or movie," he added, "without feeling emotion, or getting some idea of the emotions the artist felt, than it is not art."

Strangely enough Pavelik has no definate plans for making a career of art. He hopes to enter college following praduation as an English major and possibly do some drama work.

"Typical of the Pavelik modesty, he says, "I imagine art will always just be a hobby with me."

County Dry Spell Broken By Week Of 2.23 Rainfall

ADDITION MADE TO LOCAL S C S DISTRICT UNIT

Ben Hardy Bailey, 36, has been employed by the United States Department of Agriculture to serve as a soil conservationist, working out of the Cameron work unit.

Bailey, a 1944 graduate of Yoe High School, comes to Cameron from Gonzales where he was a work unit conservationist with the S.C.S.

He is a 1950 graduate of A&M College and has worked as a Vocational Agriculture teacher and also served with SCS in Columbus. He also served two years in the U.S. Navy.

Cameron work unit conservationist, Wayne Mann, said that an extra man has been needed in the Cameron area for some time and that a man of Bailey's experience in soils work should be an excellant addition to this work unit area.

Bailey is married and has two sons, John and Jimmy. He will reside in Cameron and also manage his stock farm in Milam County.

Negligence Charged In Minor Collision

A 17-year old Cameron youth, Alexander Aguilar, was found guilty of negligent collision in City Court Tuesday morning as the result of a one-car accident that occurred last Saturday night.

Investigating Patrolman Clint Dodd said that Aguilar was traveling east on First Street about 11:40 p.m. when he lost control of his 1965 Ford and ran off the right side of the road, striking a tree.

Dodd estimated vehicle damage at about $50.

Local Post Office Due Face - Lifting And Cooling System

A $39,000 contract was awarded last week to a San Antonio contracting company for installation of a new heating and cooling system in Cameron's Post Office.

According to Postmaster John Hays, the contract will also call for a new lighting system and painting of the building.

A releas from the office of Congressman Bob Poage said the work will by done by Southwest Mechanical Contractors of 354 Waxwood Lane, San Antonio. . The contract was awarded through General Service Administration Offices.

Postmaster Hays said the contract is not yet complete and work on the air-conditioning unit will not begin for another six months.

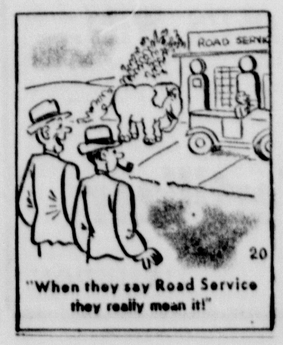
Jr. Hi Cheerleaders Selected For 1963

Cheerleaders for the eighth grade football squad, the "Yoe Yoes", have been selected for the 1963-34 school year.

They are: Kin Griffin, Debbie Lewis, Sara Arthur, Jeannie McDaniel, Linda Richardson, and Rebecca Smith.

Alternates are Charm Weiser and Deandra Mullinax

Cheerleader and Pep Squad sponsors are Frances Wise and Barbara Macon, Ada Henderson instructors.



CAR WASH

Yoe High School's FHA girls will don their long pants and roll up their sleeves Saturday, September 21, and a offer a car washing to Cameronites for 75 cents a head.

Appointsments may be made by calling OX 7-3106 or OX 7-2164

The wash is an effort to raise organixation funds and the youngsters will have a pick-up and delivery service all day Saturday.

COUNTY ASCS COMMITTEE IS SET FOR 1964

The 1963 Milam County ASCS Agriculture Planning Committee was re - elected for another full year's service at the annual County Convention held Wednesday morning.

ASCS office manager, Alva Sanders, said that Ted Ford, last year's committee chairman, was re-elected to held that same position for 1964.

Vice-Chairman is Fritz Doss and the committee's regular member is Will Vogelsang. First alternate is William Crenan and second alternate is Hugo Fuchs.

The Committee members were selected by eight delegates to the County Convention, representing the county rural districts. Each delegate was elected by residents of his district.

All the committeemen are Milam County landowners and farmers. Ted Ford farms near Baileyville: Doss is located in the Rockdale vicinity; and Vogelsang farms in the Clarkson Community.

"Duties of these committeemen," said Sanders, "is to program agriculture activities of the county, work with the feed grain and wheat stabilization programs, aid in directing the CCC loan program, and work with drought programs."

The County Committee meets once a week.

In other ASCS business, Sanders said applacitions for use of soil bank land through the County disaster program slowed this week due to weather conditions.

Applications for feed grain and wheat stabilization diverted acreage are also few since they will be able to graze this land October 1, without aid of the disaster program.

Ada Henderson's Football Squad Faces 9 Games

Cameron's eighth grade footballers, the "Yoe Yoes" will face a nine game schedule during the 1963 gridiron season, according to coach Raymond Befinent.

The Yoe Yoes meet their first competition tonight at Yoe High Stadium against Marlin. Gametime is 5 p.m.

Student admission is 25 cents and adult will be 50 cents.

Schedule:

Sept. 19	Marlin	Here	5 p.m.
Sept. 24	Rosebud	Here	6:30 p.m.
Oct 1	Thorndale	There	7 pm.
Oct. 10	Rockdale	Here	6:30 p.m.
Oct. 17	A&M Cons.	There	6:,?
Oct. 24	Hearne	There	6:30 p.m.
Oct. 31	Navasota	Here	7 p.m.
Nov. 7	Caldwell	There	7 p.m.
Nov. 14	Granger	Here	7 p.m.

County - Wide Club Elects 4 - H Leaders

The County-Wide 4-H Club met recently to elect officers.

Junior officers elected were President, Leon Hollas; Vice-President, Deandra Mullinax; Recreation Leader, Della Laywell; Council Delegate, Brent Laywell, and Reporter, Kathryn Kahler.

Senior officers also were elected.

A. E. KRUSE BUYS

A. E. Kruse, Cameron, recently purchased a registered Angus cow and an Aberdeen - Angus bull from Diamond N Ranch, Blue Ridge, Texas.

RAINFALL HITS CAMERON AND SPOTS COUNTY

And the rains came -- pouring down on Cameron and spotting Milam County during the past week to the tune of 2.23 inches, according to city water department head, Alvin Hefft.

An inch and 75 hundredths fell on Cameron Thursday ending a summer long drought that caused Milam County to be declared a disaster area a month ago.

Thirty-five hundredths of an inch of rain fell in the city Saturday and .03 fell Sunday. Tuesday rainfall was measured at .10 totaling 2.23 inches.

Cameron caught glimpses of gusty winds and stormy skies from Hurricane Cindy creeping along the Texas Gulf Coast early in the week.

The area's cotton crop was practically complete before the rains came.

The Cameron Compress processed about 200 bales during the past week, all of it coming from the Brazos River Bottom. Processing and baling of this cotton has been slowed to some extent due to weather factors.

Area temperature also hit a new low for the summer. A low of 71 was recorded Friday, Monday, and Tuesday. A high of 88 was recorded Sunday and temperatures steadily decreased during the first part of the week.

Local Graduate Assumes Position In West Pakistan

Former Cameron resident Lee W. McLane left Dallas Sunday for Karachi, Pakistan, where he will assume a temporary assignment of petroleum economist with Pakistan Sun Oil Company, a subsidiary of Sun Oil Company.

Mr. McLane has been an employe of the parent firm for the past five years. His new placement is the result of a need to expand Pakistan Sun Oil Company personnel, brought on by the Company's increased exploration activities in the off-shore area of West Pakistan.

Since his employment with Sun Oil Company in 1958, Mr. McLane has served in the Material Accounting Section of the Dallas Office.

He is a 1952 graduate of Yoe High School in Cameron and in 1958 received a degree in business administration from Austin College, Sherman, Texas. His parents, Mr. and Mrs. P. L. McLane, reside at 605 East 8th Street in Cameron.

LEE W. McLANE

On Milam's Farms and Ranches

News About Milam Farmers, Their Interests, And Activities

County Agent Notes . . .

Pecan And Food Show Date Set

Date set for county Pecan & Food Show, December 7 — The Horticulture Committee, headed by Mr. Anton Anderle will decide where the show is to be held. A successful show was held last year in Rockdale with a record number of entries.

The Milam county crop is good. Those with favorite trees are urged to make plans and collect a quart jar sample of pecans for the show. The 1963 pecan crop in Texas is placed at 40 million pounds by the Texas Crop and Livestock Reporting Service based on September 1. conditions. This years crop will be almost three times as large as last year and one - fifth greater than the 1957 - 61 average production.

Sweet Clover Seed Imports —Ten and one half million pounds of Sweet Clover seed were imported into the U. S. last year. How about that? Imports from Canada accounted for 93 per cent of the total with the balance coming from Germany, Yogoslavia, the Netherlands and Great Britian. Looks like an opportunity for someone to grow sweet clover seed.

Profits From Cattle Feeding Not Encouraging — Cattle prices may not go as high as last year. We have about 11 per cent more cattle on feed, and there is about a 15 per cent increase in the weight range that will be reaching market the next two months. Most forecasters agree that this supply is likely to hold markets well below those of last fall.

Economics Of The Beef At The Counter — Cattle feeders agree that about 8 pounds of feed are required to produce a pound of gain on a feed - lot steer. With processed feed selling at three to four cents per pound, you can readily see that margins of profit are small if the feed cost per pound of gain is 24 to 26 cents. Only 50 to 60 per cent of the animal result in choice cuts so the beef cost is doubled again. Slaughtering and processing adds another 25 to 30 cents cost not to mention fixed cost that must be charged to retire investment cost.

Similar economics are presently reflected in the swine, dairy and poultry operations. Feed grains are price supported by the government. Beef, Pork and Eggs are not price supported at the same level. These reflections also affect the housewife that pushes the grocery cart in the food markets.

A form of government price support of beef that few people recognize, is the government purchase of beef for the cshool lunch room. USDA recently announced purchase of 4,305,000 pounds of frozen ground beef for distribution to schools in the National School Lunch Program.

AMS paid 39 to 40.8 cents per pound for the 205 cars of ground beef. Top price bid was 43.95 cents per pound.

Cost of this purchase, approximately $1,744,000; $2,954,000 spent for 7,035,000 pounds since the program started August 22.

Wheat Base Acreage May Be Lost If Market Quota Paid

If Texas farmers pay the marketing quota penalty on stored excess wheat before July 1, 1964, they may lose part of their wheat acreage base history, says Tom Aaron, extension grain marketing specialist Since no marketing quotas will be in effect for the 1964 crop, excess wheat released after the July 1 date will not affect the base history and will carry no marketing penalty.

Excess wheat from the 1963 crop or previous crops released by payment of the penalty before July 1, 1964, wll reduce the farm's wheat base history. A farm loses acreage history when a marketing quota penalty is paid or becomes due.

However, if a farmer has a small 1963 wheat crop because of underplanting or underproduction, he may apply to the County ASC committee to release all or part of the farm's stored excess from previous years without penalty or loss of wheat acreage history.

"If there's any question about the release of your stored excess wheat, check with your county ASC committee," advises Aaron.

Home Economist Is Named For Regional South Texas Area

A former Temple Jr. College instructor and native of Holland has been appointed supervisor of Lone Star Gas Company's South Texas Region of distribution home economics department.

Miss Velma E Harrell will assume her new duties in Waco headquarters and her territory will include some ninety towns and cities in the South Texas regions.

Miss Harrell comes from Fort Worth where she served 12 years as home economist for Lone Star.

She is a graduate of Holland High School and Mary - Hardin Baylor College and the Universty of Texas, holding BABA and BS degrees in home economics.

4-H Club Notes

This is the second in a series of reports highlighting county winners in 4-H Record Books for 1963.

Larry Jungmann, son of Mr. and Mrs. Robert Jungmann of Buckholts, was county winner of the Santa Fe Award with his record book this year. Not only has Larry won this award, but if you attend many 4-H activities you may find him in line to receive other awards.

Some of the awards he has won are: Five Blue ribbons for Broilers 1959-63, with the Reserve Champion in 1962; Red ribbon for beef in 1960; Red and Brown ribbons in 1959 and a Blue in 1960 for Swine three Blue ribbons for Leadership; a Blue ribbon for Pecans in 1960; two Blue, two Red and two White Ribbons at County Camp; a Blue ribbon at District Camp, and County 'medals for Field Crops in 1958, 1959; Agriculture 1960, 1961, and Poultry in 1962.

From this list of accomplishments you can easily see that Larry has done well with many projects.

Destroy Stalks, Plow Up Debris

C. B. Cowan, Entomologist in Charge of the U. S. D. A. Cotton Insects Research Laboratory at Waco, urges all Contral Texas farmers to complete the cotton harvest as soon as possible and. and to destroy cotton stalks and plow under crop debris immediately.

1963 had one of the lightest boll weevil infestations in several years and it was due primarily to a fast harvest and early stalk destruction in 1962. As was the case at year, droughty conditions in central Texas has again caused cotton to open early, providing farmers with an excellent opportunity to finish the harvest and to destroy stalks several weeks earlier than normal.

This will be their first weapon in reducing the numbers of such pests as the boll weevil and pink bollworm which will infest the 1964 crop. Early stalk destruction destroys the food supply and stops the continuous breeding of pink bollworms and boll weevils and will thereby reduce the numbers that will overwinter to infest next year's crop.

Although the boll weevil infestation is light at the present time, with the showers, fruiting plants can produce large numbers of weevils to enter hibernation quarters before frost occurs.

Although the mandatory stalk destruction deadlines are November 30 and December 15 in the central Texas counties, farmers are urged to destroy the stalks and to plow under the debris as early as possible and are urged not to wait to do so until the deadline approaches. Results from these practices in insect control now versus accomplishing them in December may mean the difference between a profit or a loss in production next year's crop.

These operations are much more effective if they are practiced by all farmers over a wide area.

Future Homemakers Hold First Meeting In High School Gym

Rogers--The first monthly meeting of the Rogers Chapter of the Future Homemakers of America for this school year was held in the gynasium Wednesday with Karen Kovar, president in charge. After the opening ritual, Jeanette Kovar, secretary, read the minutes of the minutes of the May, 1963 meeting. Dues for the year were set at $1 per member.

Plans were begun for the biennial trip to the State Fair in Dallas and October 5 the date chosen. Leroy Schiller was elected 'beau' for 1963-64.

A quiz show was held on FHA act' ivities. Carolyn Necas, Jeanette Kovar, Bonnie Farmer, Gladys Shiller, and Carolyn Jansky were the participants. Carolyn Jansky is reporter for the year.

Each farmer is urged to join his neighbor in these methods of reducing the number of boll weevils and pink bollworms which will survive to infest next year's cotton crop

Cotton Harvest Nearing Finish

Cotton harvesting is about two-thirds completed in the Brazos River Bottom, according to J. B. Russ, Officer in Charge of the U. S. D. A. Agricultural Marketing Service- Cotton Division Classing Office in Austin, Texas. Although some rain was recieved last week, harvesting of the crop was delayed very little in most of the Bottom with the exception of the College Station and Caldwell areas where with 65 per cent being classed in the White Grade category. Strict Middling comprised 5 per cent of the total; Middling - 22 per cent; Strict Low Middling - 32 per cent and Low Middling - 6 per cnet. Thirty-three per cent of the cotton was Light Spotted, and the remaining 2 per cent consisted of Spotted, Grey and Below Grade cotton.

The staple length continued about the same as the previous week wit 34 percent being classed as 1 1-16 inches or longer; 44 per cent - 1 one-thirty second inches; 12 per cent - 1 inch; and 10 per cent 31-32 inch or shorter.

The market continued active, with the demand being for Strict Low Middling, Low Middling, and Strict Low Middling Light Spotted cotton which is bringing from 50 to 60 points above the can price.

The Austin office classed 42,064 samples last week, which brought the season's total to 401,941 at the close of business Friday, September 13. This is almost 90,000 bales more than what was classed at this time last year.The classing staff consisted of only 12 classers as the night shift has been discontinued. Four micronaire instruments were in operation each day.

Mrs. Herman Dorner Sr. is still in the hosptial in Cameron.

Eldon Schonhoeft has returned to Houston where he is employed.

Milam Supervisor Clarifies Speed Limit Questions

Sgt. Paul Allen, Highway Patrol supervisor, for the Milam area says there are still some questions concerning the new speed law which went in effect last month.

Sgt. Allen issued a statement that will clear up questions concerning the legal speed limits of trucks, cars pulling trailors, and pickup trucks.

According to Article XIX of the Uniform Act-regulating traffic on highways, sixty miles per hour in the daytime and 55 MPH at night is the maximum speed limit, outside an urban area, for any vehicle, or trailor, vehicle pulling a trailor or another vehicle, or any vehicle pulling a house trailor of less than 4,500 pounds in weight and less than 32 feet in length.

Forty-five miles per hour is the maximum limit for any vehicle night or day, outside an urban area, pulling a house trailor exceeding 4,500 pounds inweight or over 32 feet long.

The new law also states that no person shall drive a vehicle on a highway at a speed greater than is reasonable and prudent under the existing condition.

No person shall drive a motor vehicle at such a slow speed as to impede the normal and reasonable movement of traffic except when necessary for safe operation or in compliance with the law.

EI&E

By John E. Snell

The Texas Community Improvement Program is open to rural neighborhoods or communities throughout the state. The program is sponsored and conducted by electric utility companies operating in Texas in cooperation with the Extension Service of the A & M University. Five communities in Milam County are enrolled as participants in the 1963-64 improvement program. The communities are Branchville, Davilla, Gause, Griffin Chapel and Maysfield.

These communities have centered their interest around some of the following goals which strengthen family and community life. (1) Increasing and managing family income, (2) Improving health conditions, (3) Improving the home and farm, and (4) Encouraging social participation

This contest year is well underway at this period of time. It began on April 1, 1963 and will end on March 31, 1964. All communities enrolled are urged to work dilligently toward the completion of all planned goals and activities.

4-H ADULT LEADER WORKSHOP

A District 4-H Adult Leader Workshop will be held in Austin, Texas on November 6 - 8 1963. The purpose of the workshop is to train local adult leaders in 4-H organization and subject matter to be able to lead 4-H Clubs and help club members with project work. A 4-H Adult Leader Recruitment Program is underway to have leaders form Milam County attending.

93 Attend Baptist After - Game Social

Rogers--The first fellowship for High School young people held at the First Baptist Church of Rogers after the football game Friday night was a big success with 93 students attending, according to Larry Guess, director of youth work at the church. Sandwiches cake, and punch were served.

After every home varsity game the Church will have this fellowship, according to the pastor, the Rev John Witte. All of the Rogers High School youth are invited each time. The next one will be Friday Sept. 27 when Lorena High School plays the Rogers Eagles here.

Sophomores Elect Officers

Mark Humble was elected president of the Yoe High Sophomore class last week. Other officers named include Mack McKinney, vice president; Lynette Green, secretary-treasurer; and Margaret Kestenbaum, reporter.

Milam Places Three Firsts In District Club Book Contests

Milam County placed 13 winners in the top three 4-H club contests in the district record book contest.

The placing included three firsts: Sandra Barta, poultry; Randy Graves, dog care and training; and Billy Ellis, diary. Sandra Barta entry was in the senior division and Bill's entry was in the junior division.

Penny Graves, second in achievement; Dennis Jistel, third in achievement, boys division; Gewdolyn Jistel, third in agriculture; Henry Abel Jr., third in swine; and Reed Davis, second in Texas sheep and wool, goat and mohair.

David McClaren, second in beef; Arthur Jistel, third in leadership; Wayne Jistel, third in recreation; and Patsy Loup Stevens, third in swine.

Davis' and Miss Barta's books will be entered in the state contest at College Station , Henson said.

Research has shown that crop rotation, deep plowing and residue management are a combination of practices which will help cut cotton root rot losses. Deep plowing is most effective when done during a period of hot, dry weather.

MAYSFIELD

By Mrs. J. P. Wise

Mr. and Mrs. Jodie Vrana of Waco. Herbert Thweatt of Austin joined their mother Mrs. Hubert Thweatt and son Stevie for a visit in Freeport recently.

Amos Doskocil Jr. left Sun. for Canyon Texas where he will attend West TEXAS State University.

Mrs. J. A. Blasienz spent Sun. night with Mrs. L. L. Chapman in Rosebud.

CHEVY TRUCK — The 1964 Chevrolet pickup trucks on display at Howard Chevrolet Company in Cameron, feature a new forward slanting windshield pillar that provides roomier door openings; other new features include transmission hump, improved insulation and more weatherproof cabs. Covair pickup engines have been increased from 80 to 95 horsepower for extra power.

New Truckline For Chevrolet

With several improvements and refinements, the 964 Chevrolet truck line consolidatesthe major truckline consolidates the major gains in design achieved under a five-year re-engineering and development program that started with 1960 models.

The new trucks are on display now at Howard Chevrolet Company in Cameron.

Over the past four model years we have completely re-engineered and expanded our truck line, making several significant design advances," James E. Conlan assistant general sales manager for trucks, said in announcing the new line

"These include such features as independent front wheel suspension; variable rate springing; a new family of light-weight efficient 4- and 6-cylinder engines plus new V8's; addition of diesel power; completely redesigned frames and many other developments.

"With the major chassis redesign completed and proved by customer acceptance we are able this year to concentrate on refinements that add to driver comfort reduced maintenance extended life for certain components and even more efficient performance generally."

Other cab improvements for conventional models include rotary-gear type door latches better cab ventilation and new sound deadening and insulating materials under the floor mat on the dash panel, and on inner door panels.

The vans are all-steel construction with the interior completely lined with steel panels. Sprayed mastic and one-inch fiberglass pad between inner and outer panels provide sound deadening and insulation against heat and cold. Corrugated steel flooring is standard, wi the smooth steel optional. The underbody is fully undercoated.

Most notable change in the Corvair 96 engine is an increase to 164 cu. in. displacement, raising the horsepower rating to 95 from 80. A hikh performance version, rated at 110 hp. is available as an option. Several internal changes have been made to improve durability.

Other improvements to the Corvair 95 include a new larger muffler with aluminized heads for corrosion resistance, generator capacity raised to 35 amperes, and replaceable paper element air cleaners for better filtration and dust retention.

A new two piece driveline in 1-2 ton panels and Carryalls and long wheelbase 1-2 ton and 3-4 ton pickup modles reduces driveline vibartion and noise and contributes to a better ride.

All medium duty and heavy duty models now feature heavy duty Hypalon wiring harnesses and tube and center radiators, which are much more durable than the cellular type used previously. Further improvements have been added to exhaust systems throughout the line in the area of heavier gauge metal and aluminized components.

Extended-life starting motors are used with all gasoline-powered engines in the 1964 line. A sealed motor drive assembly prevents contamination by dust, oil, and moisture assuring more trouble-free performance.

four-wheel drive models, the front

In the light-duty line, except for suspension lubrication interval is extended to 6,000 miles from 1,000. Special lubricants and more positive seals for joints and bushings exclude dirt and water more effectively, making the longer interval possible.

Mrs. George Logan Entering Hospital

Mrs. George Logan, a Herald correspondent from Burlington for many years, is entering Halbert Hospital in Rosebud.

Extent of her illness has not yet been determined but in a letter to the Herald, Mrs. Logan says, "I hope it is not serious."

Replacing her temporarily will be Mrs. Roy Schonhoeft, another Burlington resident.

Mr. and Mrs. M. A. Presley of Fort Worth and Mrs. Lola Presley of Amherst were visitors with Mr. and Mrs. Ben Kroatz, Saturday night and Sunday.

In The Service . .

Thomas J. Leonard

James A. Pernice

Airman Thomas W. Leonard, son of Mrs. Emma J. Leonard, 302 S. College, and Airman James A. Pernice, son of Mr. and Mrs. John A Pernice, 309 N. Bowie are being reassigned to Amarillo AFB, Texas to attend the U. S. Air Force technical training course for supply specialists. Both men completed basic military training at Lackland AFB, Texas. Both are 1962 graduates of Yoe High School.

Jerry D Woods, age 18, son of Mr. and Mrs. Harry D Woods, P.O. Box 73, Milano, enlisted in the United States Air Force for four years Thursday.

According to Master Sergeant Howard R Rasmussen, local Air Force recruiter from Bryan, Woods has been assigned to Lackland Air Force Base at San Antonio where will take Basic Training. Upon Completion of his training at Lackland he will receive technical training in the Administration Career Field which prepar him for a role on the Air Force Aero Space Team.

Woods is a 1963 graduate of Milano High School.

Clement Edward Kortis, Radioman 3-C whose parents Mr. and Mrs. Alfred G. Kortis of 200 E. 16th Street, Cameron has reenlisted in the Navy at Temple. Clement is home on 30 daysleave, and will report to a permanent duty station at the completion of his leave.

A Look At

SPORTS

BY ROBERT MANN

Last Sunday afternoon the four hardworking members of Cameron's high school coaching staff loungel leisurely around the high school gymnasium, recuperating from the past week and planning for the next.

There must have been some serious brain tapping going on all afternoon because there was no sign of serious physical stress.

Head coach Geroge Kirk assumed a stable position behind his desk, bank bent, feet pointed at 45 degree angles propped up neatly in the middle of a stack of scouting reports. He made quips about athletes, from time to time let out with a yawn, and in between, asked serious questions of his colleagues.

Raymond Bennent, in his second year at Yoe High, slumbered casually in a hard back chair and began glancing through an equipment order book. His brown hush puppies swayed back and fourth to the will of his feet as he joked about the size of some of his 8th grade squad.

Bob McQueen was a little more on the formal side, attired in a pair of white bermudas, sandals, and a T-shirt. He lay prone on the training table and undoubtly toyed with the thought of his new born son, just a few days old, being a football great -- Maybe he'd even be as good as his old man.

Nick Greer adjusted his black horn rim glasses occasionally answered the telephone once and carried on a short conversation with his wife and then he talked about the size of his 9th grade squad, not to be outdone by Bennent.

Kirk told the story of how he recurited a farm boy for football not long ago.

"We drove out to the country to see this kid", he said, "and came up to this boy who stood about 6' 2" and asked him where Joe Blow, his little brother was."

The youngster's prompt answer was — —"You've found him suh."

All the time the country kid was petting a mule about the size of a side of a barn - to use country talk.

"We came to talk to you about football," said Kirk.

"The strappling young Abe Lincoln grabbed the mule around the neck and with one heave said, "Let's go to the house" - mule and all.

Recruiting stories are plentiful.

One is told about a slim youngster who came out for football in a Southwest Conference School.

"Everything was fine," he told a friend, "Until one of those grabbed my left leg, another my right, and the one on the left said to the one on the right, "Make a Wish."

Yoemen To Host Taylor Gridders

The Yoemen play host for the first time this year tomorrow night at Yoe High Stadium when the Taylor Ducks will swap yardage with Cameron. Both teams are looking for their first 1963 gridiron victory.

The Taylor squad will start with a lineup that averages 168 pounds. The backfield weighs in at 156 and the line at 179.

Cameron's lineup will be similiar to last week. Coach George Kirk said that his "younger boys, sophomores and juniors, who have carried most of the team's weight to now, will see most of the action."

"We still make mistakes, "he said, "and always will, but we hope to come up with a few things that will make the Ducks think a little bit."

The injury list consists of Clark Wholeb, recuperating from a broken leg, and Auggie Dohnalik who is nursing a fractured hand; and Craig Wallace.

One of Kirk's main problems is locating a tall pass receiver who has the speed to out maneuver and the height to outreach defensive pass defenders.

"We have some tall boys and some shorter ones who can hang onto the ball," he said, "but we are lackng in a steady combination of the two, which is what we need for the kind of passing game we've been playing.

Coach Nick Greer, who scouted Taylor last week when they lost to Rockdale by a 13-0 score said they have come up with a boy who didn't come out for football until after the season began, who stands about 6'2" and weighs in at 235.

"That big one is a tackle and is number 75 and gets around real well for his size. He'll be hard to shoot out of the saddle for those up the middle runs."

Kirk still has 38 boys out for football and hasn't had an official quiter yet.

"We still are not pushing the boys too hard," he said "just enough so they're in good shape. Now that the heat is letting off we'll hit em a little harder. If we can continue to improve as we did last week we are going to win some ball games."

"And as long as our younger boys keep up the good work we won't have to worry about the remainder of the season or next year, they'll take care of it for us"

Potential Starting Lineups:

Cameron	
QB	Mack McKinney---153
HB	Dennis Jistel---149
HB	Larry Plentl---153
FB	Mike McDaniel---183
LE	Merlin Lester---164
LT	Mike Koranek---186

FB	Rodney Marek---180
E	Billy Mucha---175
E	Dale Hendrix---165
T	Jimmy Freels---170
T	Dick Hall---195
G	Mike Tennill---165
G	Larry Moehnke---170
C	Jonathan Fritz---160

OUT OF ACTION — Clark Wohleb, stocky Yoe High School Senior pictured above is probably out of gridiron action for the majority of the remainder of the season. He broke a small bone in his leg during Cameron's first tilt with the Rosebud Panthers.

Strong Yoemen Defence. . .

Marlin Edges Yoe

A stout Yoeman defence made victory a hard thing to come by for the Marlin Bulldogs last Friday night as they dropped Cameron 6- 0, in Marlin.

A rough and tumble crew of Yoemen sophomores and juniors continued their name-earning ways by holding the highly rated Bulldogs to 104 yards rushing; 75 of them coming in the first half.

Quarterback Mack McKinney and halfback Dennis Jistel caused onlookers to rate the Yoemen as the most improved team in Central Texas. "Bull" McDaniel, 183 pound sophomore fullback continued his chunky ground gaining through the center of the Marlin line and Larry Plentl combined his tackling ability with Mike Perrin and R. L. Mikulec to halt the Bulldogs in numerous goalline drives.

Coach George Kirk's crew of ambitious upcomers resorted to passes for most offensive moves, Plentl and Jistel hauled in most of the aerial tosses.

The only Marlin score came near the end of the first half of play when quarterback Richard Severson threw a short pass to end Jim Lyons from 11 yards out.

The touchdown play originated from the Cameron 45 yardline. A 15 yard penalty against the Yoemen placed the Bulldogs on the Cameron 30 yardline and from there Severson hit end Gary Garrett for a 15 yard pass.

Halfback Bobby Adams garnered around end for an 11 yard gain and Larry Lawless went through the middle for 5 yards to the Cameron six yard chalk marker. A 5-yard penalty against Marlin sent them back to their 11 and the next play meant paydirt for the Bulldogs.

Cameron came within reaching distrance of six points early in the third quarter when Robert Moraw recovered a Marlin fumble on their 44 yardline.

Douglas McFarland hit the line for a yard and Dick Ponder got another one on a quarterback keeper. McKinney shot a pass to Jistel good for nine yards and followed with a 20 yard completion to Plentl.

A five yard penalty against the Yoemen brought them from the 11 back to the 16 yardline. Three passes went complete to put the clamp on the potential scoring drive.

The Yoemen pushed into the Marlin 23 yardline early in the fourth period but ran out of gas. The ball seesawed back and fourth across the turf for the remainder of the contest, yardage almost at nil for Cameron.

Marlin drove to the Cameron 18 yardline three minutes deep in the second quarter but were outwaited by the tough Cameron defence.

Another drive brought them to the Yoemen 28 when the clock ended the tilt.

TEAM STATISTICS

YOEMEN		OPPOSITION
12	First Downs	18
190	Net Yds. Rushing	198
132	Net Yds. Passing	131
45	Passes Attempted	26

30 yd. avg.	Punt Average	31½ yd. avg.
14 for 110 yds.	Penalties	11 for 80 yds.

INDIVIDUAL STATISTICS

	C	Yds.	Avg.
Mike McDaniel	26	77	2.9
Mack McKinney	13	48	3.6
Dennis Jistel	5	13	2.6
Clark Wohleb	5	9	1.9
Craig Wallace	3	5	1.8

Yoeman B Team Win Moody Game 6 - 0

The Yoe High School B squad dropped Moody last week in their first gridiron tilt of the season, 6-0.

Yoeman fullback Dennie Rose accounted for the only Cameron TD with a 3-yard plunge up the middle. Dan Mitchell called the plays at quarterback for the Yoemen.

A doubleheader is scheduled tonight (Thursday) at Yoe High Stadium.

An 8th grade game will be held at 5 p.m. against Marlin and a B squad game is scheduled to begin at 7:30 against the junior Bulldogs.

Coaches Raymond Bennent and Nick Greer are in charge of the two squads.

The period from October 6-12 has beeen designated as National Fire Prevention Week by President Kennedy. He has asked every citizen of the nation to support local programs aimed at reducing fires. The Texas Farm and Ranch Safety Council urges rural families to join in the program.

SHARP

By Mrs. Willie Schwarz

The long wished for rain has made the farmers and cattlemen happy. This area received from 2 to 3 inches during the weekend.

Mr. and Mrs Howard Coffman spent the week end with relatives in Dallas and Terrell

Mrs. Max Rinn and Miss Agnes were visitors with relatives in Rockdale Sunday.

Mr. and Mrs Louis Rinn spent a while Sunday night with his mother Mrs. Max Rinn and Agnes.

Mr. and Mrs. Clyde Hargrove, and children and mother, Mrs. Faye Hargrove, and Mrs. Dan Jenkins were recent visitors with Mr. and Mrs. "Kib" Hargrove in Austin Mrs. Dan Jenkins spent several days with them. Mr. "Kib" Hargrove has been under Doctors care.

Mrs. G. A. McDermott of Cameron visited with her sister and husband Mr. and Mrs. Ed Fowler Friday.

Mr. and Mrs. Arthur Inges, Buddy and Betsy of Buckholts, Mr. and Mrs. B. A. Millier and boys of Lexington and Mr. and Mrs. Herbert Schroeder and David of Columbus were week end visitors in the George Schroeder home.

TRACY

By Mrs. Willie Schwarz

The 2 to 3 inches of rain that fell during the week has made a big smile on the farmers face. This area was beginning to get in a critical situation along the water line and the pastures were already gone.

Mr. and Mrs. Jim Bartlett spent Thursday night with their son and family, Mr. and Mrs. Bill Bartlett of Groesbeck.

Mrs. David Pope spent Saturday and Sunday with her folks Mr. and Mrs. Otis Charles. Her husband David was sent to New York on business, she and Miss Ann Pope of Houston visited in the Bill Pope home also

Brad and Brady Green of Belton spent the week end with their grand parents Mr. and Mrs. Lenza Caffey.

Clyde Caffey of Austin was home for the week end.

Mr. and Mrs. George Riddle and children of Houston spent the week end with their parents and grand parents Mr. and Mrs. D. C. Drummond.

Mr. and Mrs. John Culp and children of Temple spent a while Sunday in the Otis Charles home.

Burned out and dirty light bulbs in the laying house can cost egg producers real money due to reduced production, points out Bill Cawley, extension poultry specialist. His advice is to keep the lights burning brightly and the way to do this is to keep the bulbs clean and replace those which burn out.

Delphians Honor Charter Members

Mrs. Alvin Dusek was hostess for the opening meeting of the Cameron Delphian Club Tuesday afternoon when charter members were recognized in a program presented by Mrs. J. H. Thomas, president.

Given special recognition were Mrs. Howard Baskin, Mrs. J. C. Freeman, Mrs. H. L. Green, Sr., Mrs. Walter Sharpe, Mrs. A. J. Smith, and Mrs. J. D. Eplen who has been club Treasurer for 21 years.

Original Delphian Club books, used for study programs when the group organized in 1928, were on display, and each charter member told of an interesting experience from the early days of the Club.

Following the program the hostess served a salad plate and tea.

Mr.and Mrs. A. L. Schoppe and children spent Sunday afternoon visiting her sister and Sister M. Imelda Marek of Wilmar. Sister Imelda teaches at St. Michael's school.

Mr. and Mrs. Will Gjedde is visiting his son andfamily in Arlington

Mr. and Mrs. Hubert Butler Jr. and David from Dallas spent the weekend with his parents Mr. and Mrs. HubertButler Sr., and her parents, Mr. and Mrs. Conrad Jekel and other relatives.

RockdaleBowling League Action Is Hitting Hot Pace

Nightlighters Bowling League action found Prewitt Drug in first place with a record of 7 wins and 1 loss after last week's action.

Rockdale State Bank and White and McCleod Insurance are tied for second place with 6-2 marks and Dunn Drilling Company closes out the first dvision with 5 wins and 3 losses.

Butter Krust Bread is in fifth place with 3 and 5; Dairy Queen seventh with 2 and 6 records. Yoakum's House Moving is in the cellar with a 1 and 7 record.

Inez Lightsey bowled a 187 high series last week. She was followed by Joyce Floyd with a 181 and Marie Laake with 174.

Rockdale State Bank rolled the high team series with 2,156 and 2,078. Dairy Queen rolled a 1,994 series

Alien York rolled a high game of 493. He was followed by Lillie talston with 485 and Peggy Stauffer with 472.

Rockdale State Bank rolled the three high team games of 737, 731, and 727.

Lillie Ralston holds the league's best average with a 151. Aliene York is next in line with 148 and Peggy Stauffer has a 146.

Buckholts Badger Team After First Gridiron Victory

Coach Jimmy Hauk's Buckholt's Badgers battled the Leon Cougars Friday night in Jewett at 8 p.m.

The Badgers and Cougars are both seeking their first 1963 gridiron victories. The Buckholts crew lost their first tilt two weeks ago and had an open date last Friday. Leon has lost their first two games one to Jarrell and the second to New Waverly.

Buckholts Coach Jimmy Hauk said the Badgers had lost one of their key men, junior defensive halfback Jimmy Prater broke his collarbone in last week's practice and will be out of action for at least six weeks.

Lawrence Hanke, a left halfback; Dick Jones, a left end; and Calvin Shenkir, a right halfback.

Yoeman Staff Name Outstanding Weekly Gridiron Players

The Yoe High School coaching staff released a list of four players named as the squad's outstanding gridironers during the Marlin-Yoemen tilt.

Mike Perrin, 169 pound junior center was named outstanding defensive player with a total of 15 tackles. Close behind him was Robert Moraw with eight tackles and he also recovered two Bulidog fumbles.

Offensive lineman of the week was R. L. Mickulec who connected with 72 percent of his blocks and Mack McKinney, sophomore quarterback, was named defensive back of the week.

Mr. and Mrs. D. R. Laywell of Cameron announce the engagement and approaching marriage of their daughter, Sharon Renee, to Tommy Dean Giesenschlag. A December 21 wedding is planned at the First Assembly of God Church in Cameron. Mr. Giesenschlag is the son of Mr. and Mrs. B. T. Giesenschlag of Bryan and is attending Texas A&M University where he is an aerospace engineering major. Miss Laywell is a graduate of Yoe High School and Southwestern Business College in Houston.

Mrs. Wilkerson Host Bapt. TEL Class

The TEL Class of the First Baptist Church met with Mrs. Lula Wilkerson last week for a business session and social hour.

Mrs. W. M. Fannin opened the meeting with a prayer and Mrs. I. N. West presided over the meeting. Mrs. Fannin gave the devotional.

Mrs. West read "Does It Pay To Be A Christian".

Following the meeting a covered dish luncheon was served to ten members and two guests.

Civic Garden Club Begins Season With President's Coffee

The Civc Garden Club held it's first meeting of the season in the basement of the First Christian Church last Thursday morning Members enjoyed a coffee hour honoring their president, Mrs. Leo Fuch.

The meeting was presided over by the president. She showed a film strip, "Adventures With Flowers", which was enjoyed by everyone present. The colored pictures showed steps in the construction of different types of flower arrangements.

Mrs John Ryan gave the thought for the day. The door prize was won by Mrs Johnny Graham.

Mrs. R. G. Grabein, program chairman, presented members with the new year books. The clubs comprehensive study for the year will be, "Fundamentals of Flower Arranging.

The club has a number of projects planned for the year and the programs should be most interesting and informative for each member.

Hostesses for the meeting were Mrs Frank Schiller and Mrs.R. G. Grabein, who served in the absence of Mrs. Willie Falkner.

The next meeting will be October 10 at the home of Mrs. J. J. Heitman. At this meeting members will entertain their husbands and guests with a buffet dinner. Mr. Leo Fuchs will entertain the group with pictures and a sumary of his recent european tour.

Program Series Completed By Group

The program of the September 7 meeting in Rosebud of Beta Nu Chapter of the Delta Kappa Gamma Society concluded a series of talks and discussions begun last year on "Opening Doors on Tomorrow's World." The topic for this program was "Seeking Remedies for Unjust Discrimination Against Women"was discussed in a symposum of three speakers: Mrs. A. M. Tate, Mrs. J.E. Holloway, and Mrs. AnnieT. Magee. Mrs. Lillian Romain gave the introduction.

Preceeding the program Rosebud members were hostesses for breakfast at Swanzy's Dairy King. Place favors were bookmarks with a quotation and the Delta Kappa Gamma Symbol and also a menu in the form of a little red school house.

Mrs. Byron Stubbs president, presided during the meeting. Miss Bertha Pendergrass, program charman, presented the year books which have the new theme "Changing Patterns in American Culture." Projects of raising scholarship funds and of interesting young women in becoming professional educators are again important in the 1963-64 program.

Chilton members willbe hostesses for the next regular meeting of Beta Nu Chapter on Nov. 9.

New Dodge Car Showing Friday

Fresh styling, engineering refinement and quality-first manufacturing techniques distinguish the standard-size, low-price Dodge for 1964.

The new models go on sale at Schiller Motor Company in Cameron, September 20.

Commenting on the new models, Dodge General Manager Byron J. Nichols said:

"The five-year, 50,000 mile warranty on our engines and power train is modern evidence of the dependabiliey that has been a Dodge tradition for 50 years.

"The Golden anniversary Dodge is an attractive car that has been thoughtfully engineered and carefully built. It is a better new car now -- and it will be a better used car in the years ahead.

"The anniversary line is an exciting one, and our company enters 1964 on the crest of the best sales year it has ever had."

The styling of the '64 Dodge is new, clean and uncluttered. The lines are graceful but forceful. The front is keynoted by a massive wrap around bumper and a convex, bright-aluminum grille of thin, vertical bars.

A new windshield provides better visibility, and two-door hardtop models feature a "semi-fastback" roofline. Larger front door openings make it easier for passengers to get in and out.

Styling at the rear accents the width and stability of the car. A two-inch wider rear-wheel tract -- the distance between wheels -- gives the Dodge a stronger, more powerful appearance.

The 22 models in the standard-size Dodge line are in three series: the low-price 330, the middle-line 440 and the deluxe Polara.

The 1964 mode line-up includes a wide variety of sedans, hardtops station wagons and convertibles. Polara 500sports packages are available on the Polara two-door hardtop and convertible.

The sports packages feature bucket seats, a center console and luxurious all-vinyl interiors. Selector levers for either the four-speed manual or the three-speed automatic transmission are placed in the console, which also houses a storage compartment. A console-mounted, transistorized, electrical tachometer is optional.

Dual tail lights are featured in the 330 and 440 series. The Polara models have triple lights, with the back-up light in the center.

Fourteen different exterior colors and 16 subtle two-tone combinations are offered.

Interiors are luxurious in appointment and practical in instrumentation and control. New vinyls and fine fabrics are combined to provide both beauty and durability. The instrument panels are two-tone, with a suede, anti-reflection paint on top and a glossy paint below.

Improved ductwork and control systems allow a better distribution of either hot or cold air in the passenger compartment. The instruments are all large, easy-to-read gauges. Armrests are bigger and softer.

All 1964 Dodge models except station wagons are built on a 119-inch wheelbase. The over-all length of sedan, hardtop and convertible models has been increased almost two inches. Headroom has also been increased in both the front and the rear, and there is a higher level of comfort on all models.

Buyers of the 1964 Dodge have a choice of six engines.The six-cylinder powerplant has a displacement of 225 cubic inches and a higher compression ratio (8.4 to 1), which improves fuel economy

Like the six-cylinder engine, the standard 318-cubic-inch V-8 operates efficiently on regular grades of gasoline. Both of these engines have proved their ability to provide top milage by a massing a series of victories in the annual Mobil Economy Run.

Optional engines are: a 383-cubic inch V-8 with two-barrel carburetion; a 383 V-8 four-barrel carburetion; a new 426-cubic-inch V-8 with a four-barrel carburetor; and the nationally known Ramcharger 426 with dual four-barrel carburetors.

The horsepower of the six engines ranges from 145 to 425

WSCS Circles Meet Study South Asia

Members of the Womens Society of Christian Service, First Methodist Church met in circle groups Monday with 27 attending.

Each circle program was on service in SouthernAsia in preparation for the study that will begin September 23 with Mrs. Jesse T. Kirk as leader.

Mrs. Lesovsky Hosts First UDC Meeting

Mrs Frank Lesovsky was hostess for the first fall meeting of the United Daughters of the Confederacy last week.

Mrs. T. E. Crump, new president, gave the program, a paper on Mrs. C. M. Goodlett organizer of UDC.

During the business session members received year books and selected Ms. Walter Sharpe and Mrs. Emma Langdon to attend the state meeting in Houston in October.

Following the meeting Mrs. Lesovsky served a sandwich plate and punch.

— BIRTHS —

To Mrs. and Mrs. Alford Simecek, Cameron, a boy, Timothy Dwaine, 7 pounds 1-2 ounce, born September 13 at 11:35 a.m. at St. Edward Hospital.

Walker, Mrs. Minnie Ingram, Mr. P. W. Davis, Berry Whiteside, Mrs. J. A. Bailey, Aquilla Turner, Jerry Hemphill.

Mr. Joe B. Heath and bride from Pasadena spent the weekend with his parents, Mr. and Mrs. W. A. Heath, and in Waco at the Roy Heath home.

Local Organization Held First Meeting

Thursday afternoon, September 12, Mrs E. J.Burkes opened her home to members of The Pleasure and Profit Club for their first meeting of the year. Mrs. Burkes served her guests refreshments of sherbet, cookies and punch

Mrs. Fannie Jackson called the meeting to order. She installed the new officers for the coming year as follows:

President Mrs. Beatrice Wiese; vice president Mrs. Maxine Dodd; secretary-treasurer Mrs. Frances Hensley; and reporter - historian Mrs. Maurice Heitman.

Mrs. Jackson used the wheel for her installation service, officers and committee chairmen representing the spokes.

Mrs. Wiese presented the new year books and a short business session was held. Sioux Indian prayer was read after which the meeting adjorned with members singing the club song, "Smile, Smile, Smile".

B&PW Club Has Folk Music Program

Charles Schuhsler presented a program on folk songs, accompanying himself on the guitar, for the Business Professional Womans Club Monday night.

Mrs. Florence Markham was hostess for the program and meeting at her home.

During the business meeting, lead by Miss Hazel Willams, president, Miss Katy Robinson discussed the hisotry of the B&PW Club which was organized in 1925, and Irene William discussed the national B&PW organization.

Following the meeting the hostess served tuna salad, doughnuts, and punch.

The next meeting will be at the home of Nadene Gregory.

Herald Editorial Page

"Grass-growing" rains over the past few days have come to the aid of the Central Texas cattle industry.

As if timed to follow an early cotton crop, the rains amounted to something better than 3 inches and quenched the thirst of grazing land in an area around Cameron.

Cotton has enjoyed one of the best crops in years. Maize also had a solid turnout.

It appears that fertilizer usage will continue to increase this fall in preparation for next year's crops.

In all, the agriculture picture looks bright, despite the limited rainfall the first eight months of the year.

Some observers have noted that rainfall this year has been almost perfectly timed, though it was sparse.

Such prospects show the value of a vital agriculture economy to Cameron Texas towns. It also creates a healthy atmosphere for the development of business and jobs in both agriculture and industry, which share valuable roles in the continued growth of the Milam area.

If we can continue to develop all our resources, Cameron and Milam County can further diversify the broad-based economy that has been the strength of this community for many, many years.

OLD PHILOSOPHER

Philosopher Explains Why It's Essential To Have A Non - Farmer As Sec. Of Agriculture

Dear editor:

I was talking with a man in town the other day and he had been reading an article in a big magazine about the mistakes it claimed the Secretary of Agriculture has bee making and he wanted to know why they don't ever appoint a farmer to the job.

The Secretary we got now, he said, used to be a governor; the one before that was a church official. "Why don't they ever appoint a farmer to run the nation's farming business?" he demanded. "they bring in somebody who doesn't know much about farming and expect him to succeed."

I didn't go into details in answering him, as I figured he was a normal man and a lot more interested in his opinions than mine but I can tell you the answer.

The answer is that a farmer has more sense than to take the job.

Any farmer knows that regardless of who the Secretary of Agriculture is, two years after he's been in office he's head over heels in trouble. When you've got a job tackling a problem that can't be solved, the only man willing to take it on is somebody who doesn't know it. Being Secretary of Agriculture is the worst job on earth, outside maybe of trying to solve a neighbor's family squabble.

You pass a law requiring the President to name only a farmer as Secretary of Agriculture, and you'll find more farmers moving to town than you ever dreamed of. Oh I know you get to tour the world while you're in office, but that's the worst way I know to get a trip abroad, and it doesn't do any good--when you get back the farm problem is in the same mess it was before you left.

But don't misunderstand me. We've got to have a Secretary of Agriculture and a lot of farm legislation toadminister. The last thing I'd want is to farm without to point my finger at. The only thing worse than farming and not making any money and not having anybody in Washington to put the blame on.

Uours faithfully,

J. A.

New FHA Policy Is In Operation

C. T.Macleod, Director of the San Antonio, Texas insuring office of the Federal Housing Administration, today announced that the FHA policy of using private financing in sales of acquired home properties is in full operation in the area served by his office. This policy, because of its sucess in the seven insuring office jurisdictions where it was tried out, was recently extended to all FHA insuring offices throughout the nation.

Under the new policy sales of mortgages taken by FHA will be financed with mortgage loans made be FHA-approved lenders and insured by FHA, unless the buyer prefers to arrange his own financing. Reasonable and customary costs of obtaining financing, aswell as closing costs, will be paid by FHA in either case. No application fee will be required. A firm commitment will be issued to the lender promptly after receipt by FHA of an acceptable application for insurance of a mortgage.

The listing of a property for sale by FHA and FHA's stated sale price will indicate the willingness of FHA to insure a mortgage on the property for any acceptable buyer.

Governor Is On Defense For '64

By Vern Sanford
Texas Press Association

AUSTIN, TEXAS — Gov. Connally has taken the offensive against his potential 1964 opposition backers in spectacular fashion.

He surprised a poll tax rally here by lowering the boom on Bexar County Commissioner Albert Pena, state chairman of the Political Association of Spanish - Speaking Organizations (PASO). Pena is among Texas liberals who have been critical of the Governor's opposition to federal civil rights legislation.

Connally charged that "self - seeking politicians" are out to turn the poll tax repeal campaign into "a sideshow for their own purposes." Their aim, in the Governor's view: bloc voting.

He blasted Pena as a "would-be political boss" who builds his power by erecting a wall between Mexican - Texans and Anglo - Texans, using Teamster Union organizers as bricklayers.

Pena, who played a big hand in the city council election in Crystal City early this year, denied he is a "boss". He said the Governor's speech was a "sadistic, under - the - table, oblique way of telling the people he favored retaining the poll tax."

Connally's friends applauded his sizzling speech, one of the hottest he ever has made.

Pena's friends, including Don Yarborough of Houston who evidentally will be running against Connally again next year, rushed to his defense and heaped new criticism on the Governor.

REPUBLICANS — First announced statewide candidate to emerge on the pre - 1964 political scene is a Republican. He is George H. W. Bush, 39, of Houston, who seeks his party's nomination for the U. S. Senate.

Bush and other Republicans hopefuls have been discussing their chances with the GOP State Executive Committee.

Present were Jack Cox of Houston and Dr. Milton V. Davis of Dallas, mentioned as Senate race starters; also Des Barry of Houston, who ran for congressman - at-large last year, and State Rep. Horace of Dallas, who has said he might run for Governor.

GOP Congressman Ed Foreman, Odessa; Bruce Alger, Dallas; and Sen. John Tower were on hand when the committee talked finances, organization, and voter registration.

PARKS REPORT — A two-year study, recently completed and presented to the Governor, proposes expenditures of $305,000,000 to acquire and develop $373,000 more acres of Texas parks by the year 2000.

Connally, lauding the report suggested organization of a citizens group to follow through on needed parks programs. He also revealed he is studying possibility of buying part of the 72,000 acre J. C. Hunter Guadalupe Mountain ranch as a State Park.

Parks experts who prepared the report argue that proper development of the recreation, historical and scenic areas would boost the state's economy $200,000,000 a year.

CREDIT INSURANCE — State Board of Insurance heard praise and criticism of its proposed new rules regulating credit life, health and accident insurance at a second hearing here.

The 58th Legislature gave the Board authority to regulate life, health and accident insurance on loans. For the first time, group insurance also was included.

The agency came up with a proposal to establish a test for reasonableness of the relation of benefits to premiums. Some companies claimed the suggested formula resulted in too - high rates.

No decision was reached as to when the rules will take effect, pending completion of an attorney general's opinion.

TRAVEL RECORD — State Highway Engineer Dewitt C. Greer says Texans will set a new all-time record for miles traveled this year - 49,500,000,000 vehicle miles, an increase of two billion miles over last year.

Half of the milage will be logged in urban areas. In other words, seven per cent of Texas highways will carry 50 per cent of the traffic. Other 50 per cent will be scattered over 93 per cent of the road system.

A "disturbing discrepancy," says Greer . . ."one we must certainly deal with as we plan for the future. Big question is whether we can continue to modernize and upgrade the Texas Highway system quickly enough to take care of this traffic efficiently -- and above all, safety."

APPOINTMENTS — Leslie G. Burnett of Austin, Claude Brown of McCamey, and J. B. McDuff of Crockett have been named by Governor Connally to the Texas Industrial Commission. Ray Horton of Houston was reappointed.

Brown, auto dealer and oilman, replaces San Angelo publisher Houston Harte, who resigned. Burnett labor official, succeeds Jack A. Martin, San Angelo union leader.

McDuff, telephone company executive Jack H. Drake, Weslaco Chamber of Commerce executive.

Another appointment by Connally was Judge Solomon Casseb Jr. of San Antonio as presiding judge of the 4th Administrative Judicial District. Judge Ho[illegible]een of Cuero resigned the [illegible] accept appointment as chief justice of the new 13th Court of Civil Appeals at Corpus Christi.

TOURIST AGENCY — Texas' brand new Tourist Development Agency has opened offices in the Sam Houston Building on the Capitol concourse.

Director Frank Hildebrand Jr. hopes to get together with his advisory board this month to review advertising presentations.

Agency will be out to prove itself to the legislature. It hopes to demonstrate that it can do enough for the Texas economy with its initial $200,000 advertising appropriation to justify a bigger budget in the future.

Area Talent Will Appear In Annual Waco Fair, Rodeo

Men from Milano, Rogers, Waco and San Angelo have entered the Fiddlers Contest to be held Oct. 4 at the Heart O'Texas Fair and Rodeo in Waco.

John Dodd of Milano, who won second place prize money, in the under-65 division in 1962; John Lockhart of Rogers, A. L. Ham of Waco and Roy V Adams of San Angelo are the first four fiddlers to enter the competition.

The contest will be held at 4 p.m. Friday, Oct. 4, on the Pepsi Cola outdoor stage with the public invited to watch without charge. More than $200 in prizes will be awarded. Divisions are for fiddlers under 65 and for those 65 and older.

There is no charge for entering. Information on the contest may be obtained from Red Rogers, who will serve as MC, or from Ed Linder at PO Box 7581 in Waco.

Out Of The Past From Herald Files

FROM THE HERALD IN 1901

A memorial service was held at the auditorium in honor of assasinated Persident William McKinley. Business houses were closed and schools were dismissed for the service. The Auditorium was draped wth national colors of red, white and blue and a streamer of black.

"The case of Nabours and others against McCord and others (Milam County Oil Mill Co.) to be tried in District Court next month is perhaps the most important civil suit ever to be tried in this county. It grew outof the bank failure in Cameron in 1896 and $104,000, is the amount being used for the defense will be represented by Hon. M M. Crane, ex-attorney General, T. S. Henderson, Streetman and Freeman, Ford, Chambers and Sharp, and N.H. Tracy. The plantiffs will be represented by Hefley, McBride and Watson, Hon. W. K. Homan, Judge Doom and Judge Ethrdge. "Ed note; the court ruled in favor of the defendants.)

Burleson County Fair Opens Today With Big Parade

Caldwell — The 1963 Burleson County Fair opens Thursday, Sept. 19, with a street parade in downtown Caldwell at 2 p.m., featuring the theme "Roaring Twenties." Plans are complete for the three days, Sept. 19-20-21, of the annual event, states Fair President Don Mitcham.

"This year's Fair program is the best in the history of the annual feature with fine entertainment scheduled throughout," said Mitcham Highlights include.

"Roaring Twenties" coronation and judging of 1963 Fair Queen from a group of nine contestants at 7:30 p.m. Thursday at the fair grounds.

Livestock judging Friday at 9 a.m. Colored people's parade in Caldwell at 2 p.m. Friday. At 2:30 p. m. Friday at the Fair Grounds fiddlers will gather for the Old Fiddlers' Contest. The Children's Pet Show begins at 7:30 p.m., followed by a performance by the Bohac Sisters of Granger.

IT'S DODGE'S 50th ANNIVERSARY
Oh boy, it's D-day...
the '64 Dependables are on display
SEE '64 DODGE, the low-price car that doesn't look or feel like one. The low-price field will never be the same, now that '64 Dodge is here. Take that handsome hardtop, above, with that stylish roof, husky performance, and all-vinyl trim. Price? Right with Ford and Chevy. That's value in a standard-size car. And as with every '64 car built by Dodge, you get a 5-year/50,000-mile warranty.*
*THE DEPENDABLES' 5-YEAR/50,000-MILE WARRANTY—Chrysler Corporation warrants, for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1964 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 2 years, and every 6 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (i) receipt of such evidence and (ii) the car's then current mileage.
TRY '64 COMPACT DODGE DART, the compact in the large economy size. Family-sized, family-priced. Few compacts cost less than Dart. Not one gives you so much for the money.
DRIVE BIG DODGE 880 FOR '64, the quiet, thoughtful step above the low-price field. Big room. Big ride. Big luxury. Big power. Dodge 880 is big in everything . . . but price.
Go Dodge '64

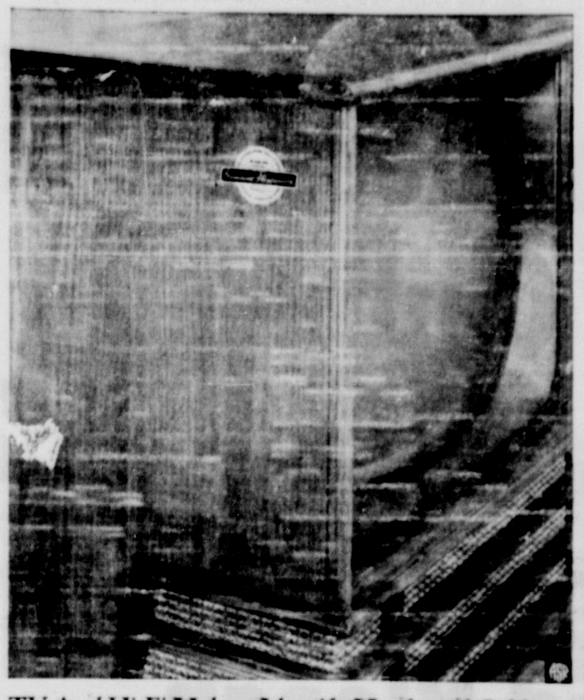
Decorator's Notebook
by Alicia Joyce



TV And Hi-Fi Makers Identify Hardwood Cabinets

This beautiful sliced walnut hardwood cabinet typifies the new trend in TV and Hi-Fi cabinets.

In selecting television and high fidelity cabinets, the purchaser is now able to identify quickly those crafted from real hardwoods as opposed to those employing other materials, as a result of certifying seals issued by trade associations.

These seals give assurance that all exposed wood parts of the cabinet are of genuine hardwoods and that the natural beauty of the grain has not been distorted in any way. They guard the unwary shopper from purchasing, in the belief that it is genuine hardwood, a cabinet on which a printed or decal imitation wood grain has been applied. The deception comes to light later when a scratch or wear reveals the "wood" grain exists only on top of the surface and cannot be repaired satisfactorily.

The major TV and Hi-Fi manufacturers feature real hardwoods for at least their medium-priced and better sets and a growing number of them are utilizing these seals to make sure their customers are properly informed when selecting "the most looked-at furniture article in the house."

Aside from the non-duplicating, deep grain beauty of real hardwoods, which is their main attraction, they also do not conduct electricity or heat, and offer relatively trouble-free maintenance and durability.

Genuine hardwoods seals are also widely used on other household furniture.

Safety Devices Slow Accidents

AUSTIN, TEXAS — Sept. 11, 1963—One day this summer a 26,000 pound diesel truck, its driver asleep at the wheel, hurtled out of control toward opposing lanes of traffic on the U. S. 59 Southwest Freeway in Houston. Although the truck was traveling 50 miles an hour, damage to the truck amounted to only $75 and the driver emerged unharmed.

The reason? The truck hit Texas' first non-yielding median rail, a rail that deflects vehicles and keeps them from jumping the median into opposing lanes of traffic.

This type of median rail was developed by the Texas Highway Department's urban project office in Houston, and was installed on a 65,000-foot stretch of U.S. 59 near the Interstate 610 interchange.

For years highway engineers have grappled with the problem of making it more and moer difficult for a driver to have an accident. When the first divided multi-lane expressways were built, hopes were that head-on collisions would be eliminated entirely. Mostlythey were. But a few head-on collisions still occurred, caused by cars which jumped over the medians into the opposing lanes of traffic.

So research wheels began turning to design a protective device for the median in an effort to make the expressways even safer. One type of median rail now in use in some of the Highway Department's 25 districts throughout the state is the "yielding" median rail, which deflects vehicles back into the lane of traffic. By damaging the railing, the energy of the vehicles is dissipated.

Now the new non-yielding rial has been developed in the continuing search for even more effective ways to divide lanes of traffic. An added feature of the new non-yielding median rail is that a wire mesh fence erected above the rails reduces night headlight glare to almost zero, and prevents pedestrians from crossing the freeway.

This new three-in-one safety measure is being watched with interest by the Highway Department engineers throughout the state, and if it proves to be the most effective median rail, indications are that the non-yielding median rail may be adopted for use on a statewide basis.

New Portable **PRIMA 20** *Adds, Subtracts, Multiplies, Prints Permanent Record. This remarkable hand-operated adding-listing machine gives credit balance, calculates discounts, has 99,999,999,999 total capacity. The PRIMA 20 is just 5½ inches high, occupies 9½ x 14½ inches of desk space, and weighs only 9 pounds. For businessmen, accountants, traveling auditors and all who require a complete yet lightweight and portable adding machine, the Prima 20 offers high efficiency and dependability at low cost. It is also useful in the home for checking itemized bills, auditing bank balances, keeping budgets and preparing tax returns. Come in soon and see the Prima for yourself.*

Take your problems to Church this week — millions leave them there!

Lofty Thoughts - High Ideals

The eagles, because of its flying and preaching habits, is a bird we associate with lofty places. It soars when it flies and seeks pinnacles upon which to perch.

There is a lesson in these habits of the eagle, namely, the keeping of our thinking upon a lofty plane. People whose thoughts are constantly lifted up are less likely to need the services of a psychiatrist than those whose thoughts are of self, or low, or ignoble. This in no way implies that we should shut our eyes to facts or to use an old expression, not "keep our feet on the ground." But lofty thoughts materialize in lofty deeds and build high and stable character.

Good thoughts, like good deeds are more likely toflow when our surroundings and associations are good. The "lofty thought habit" can best be aided by attendance at the church of one's choice.

Baking Contest Set For Contestants Of State Fair Region

Women with a knack for bread and roll baking should circle Friday, October 11, on their calendar's Yeast Baking Contest at the 1963 State Fair of Texas, "Explosition of Our American Heritage," October 5-20 in Dallas.

Another main attraction for the fair that will attract the younger set will be Chief John Big Tree, who has probable been seen by more people than any other Indian in the world.

Baking entries must be brought to the State Fair Women's Building by 10 a.m. on October 11, and judging will begin immediately.

Contestants may enter any of nine classifications.

Under yeast breads entries are divided into white bread, batter and fancy wheat bread. Yeast Raised Rolls are classed as plain, sweet, and fancy or foreign. Coffee cake and foreign sweet breads may be entered in the Yeast Raised Breads section.
